## THE PRINTERS HOUSE

The Printer's House (TPH) Orient Group is a diversified group of companies founded in 1946 that is an industry leader in the manufacturing and supply of engineered products from India.
K.D. Kohli, a freedom fighter and newspaperman, started TPH Orient Group in 1946. Now in its third generation under Rishab Kohli, Orient has carved a formidable reputation as a quality-conscious, technology-driven manufacturer — exporting to over 60 countries worldwide.

# OrientJet C-Series

The C-Series is Orient's line of aqueous inkjet presses for book, commercial, newspaper, and government document segments — available in monocrome and colour variants with customizable finishing.

| PRINT ENGINE | RESOLUTION |
|---|---|
| **Orient Jet** | **Up to 1200 x 1200 dpi** |
| WEB WIDTH | INK |
| **Min 330 – Max 1200 mm** | **Aqueous** |

TECHNOLOGY

# Industrial Piezo DOD

## Custom Print Heads

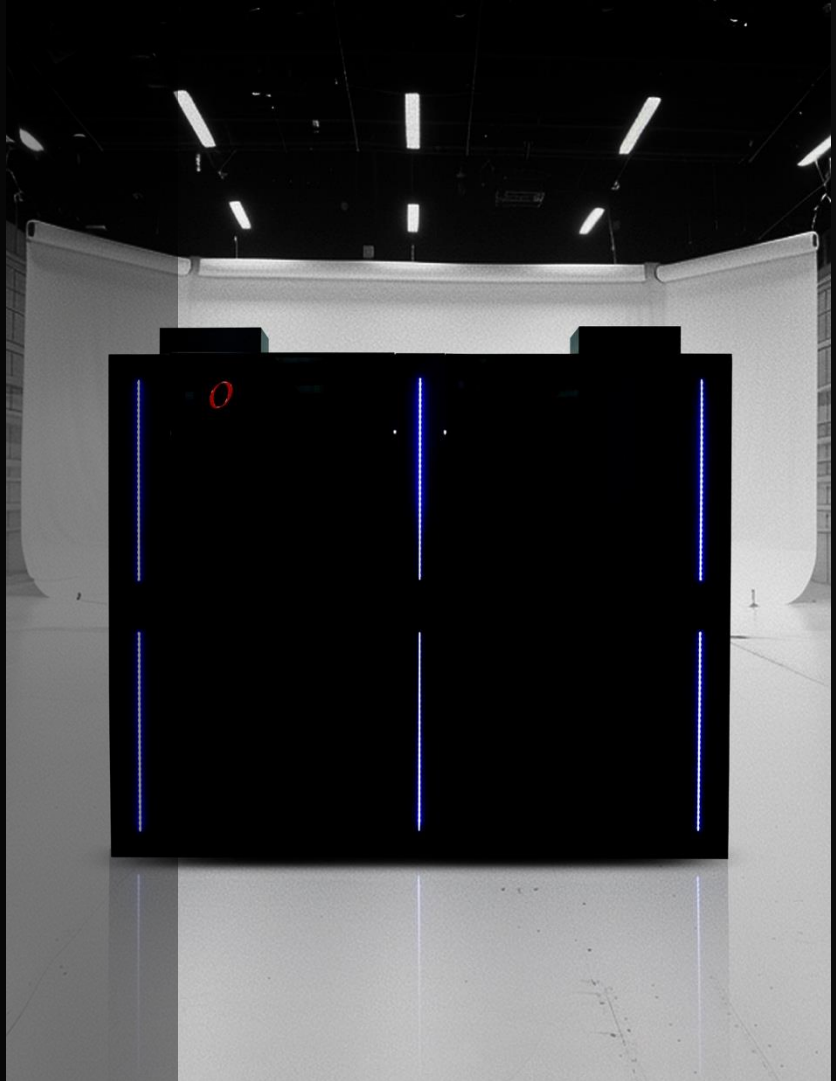
Custom high-end piezo inkjet print heads, specially engineered and manufactured exclusively for Orient machines — delivering superior precision, longevity, and output quality.

## Industrial Construction

Stainless-steel laminated construction with monolithic ceramic piezo actuators. Built-in heater and water cooling for consistent drop placement across long runs.

## Long Lasting Life

Multi-year service life under continuous production duty. Bulk aqueous ink — open system at competitive economics with no proprietary lock-in.



APPLICATIONS

# One Press.
# Multiple Markets.

### Books & Publishing

Mono and colour book blocks, educational material, directories

### Newspapers

Short-run regional editions, supplements, special inserts

### Security Printing

Question papers, answer sheets, classified printing with VDP

### Commercial Print

Brochures, catalogues, direct mail, transactional documents

### Variable Data

Barcodes, QR codes, serial numbers, security elements

### Custom Finishing

Sheeter, folder, rewinder, perforation, perfect binding

PRODUCTION

# Built for 24/7 Industrial Duty

Engineered for continuous operation with optimised production speeds and consistent performance across extended runs.

### Production-Grade Output

Stable, repeatable quality at speed. Higher throughput, dependable uptime, and confidence in daily production planning.

### Brand-Ready Quality

Sharp text, smooth gradients, dense solids at up to 1200 x 1200 dpi. Full VDP, QR, barcode, and security element support.

### True Versatility

Uncoated & coated stocks, newsprint, bond, offset, book-grade etc. Web widths from 330 mm-1200 mm cover a wide variety of all your printing needs

# Technical Overview

| Parameter | OrientJet C-Series |
|---|---|
| **Printing Technology** | Aqueous Inkjet Digital Printing |
| **Colour Configuration** | Monochrome and 4 color (CMYK) – Simplex and duplex printing |
| **Print Resolution** | 600 x 600 dpi & 1200 x 1200 dpi variants |
| **Print Speed** | 1200 x 1200 dpi : up to 80 m/min \| 600 x 600 dpi : up to 100 m/min (Speed varies by print head — ask your sales representative) |
| Optional speed variations | Optional: 1200 x 900 dpi = 120 m/min \| 1200 x 600 dpi = 150 m/min |
| Drying options | IR & Hot air |
| **Maximum machine width** | Min 330mm - Max 1200 mm. (custom widths configurable depending on specifications and application, standard common web width is 550 mm) |
| **Maximum imaging width** | Max 1180 mm. (custom widths configurable depending on specifications and application, standard common imaging widths are 540mm and 432mm) |
| **Substrate Types** | Uncoated & coated paper, newsprint, bond, offset, book-grade stocks etc. |
| **Substrate weight** | (40–250 gsm depending on type of substrate, higher thickness can be configurable with a high thickness kit) |
| **Ink** | Orient Jet Aqueous ink |
| **Print Heads** | Custom high-end Piezo DOD aqueous inkjet print heads, specially engineered exclusively for Orient — superior precision, longevity, output quality |
| **Variable Data** | Barcodes, QR codes, serialization, security elements, full VDP |
| **Max Roll Diameter** | 1200mm— configurable per specification |
| **Software** | Custom Orient Jet software |
| **Hybrid capabilities** | Full Hybrid options for customers with the Orient XPRESS Flex press technology. Hybrid printing, finishing , coating (pre/post) etc. all configurable. |
| **Finishing options** | multiple finishing options including sheeting, folding etc. |
| **Optimal environmental conditions** | 40-60% Rh Humidity , dust free environment preferred |
| **Web management features & Customization** | Web cleaner, anti static, fully servo, tension control, web aligner, splice table, auto ink consumption detection, web break sensor. Fully customizable — available in custom widths and sizes to match your production needs |
| **Dimensions and weight** | Machine dimensions, weight, power requirements, and roll weight vary by configuration (web width, colour count, etc). Detailed general arrangement drawings, electrical layouts, and foundation plans are provided with the quotation |

*Actual speed and performance may vary depending on operator skill, resolution, substrate type, and application. All specifications subject to change. Contact Orient for detailed configuration drawings.*

# Orient Jet?

- Upgradeable speed path on the same machine — clear growth trajectory
- Full Hybrid options for customers with the Orient XPRESS Flex press technology. Hybrid printing, finishing , coating (pre/post) etc. all configurable
- Orient jet's proprietary ink delivery system enhances print quality and lower per-print cost on short & medium runs vs offset, flexo, and other digital printing methods..
- Custom high-end print heads with economic inks and minimal paper wastage
- Fully manufactured in-house — single-vendor accountability, no third-party risk
- 10 branch offices in India, presence in 60+ countries, 24/7 service support

# OUR DOMESTIC & GLOBAL PRESENCE

# OUR PATRONS

**With over 20,000 printing units supplied** worldwide TPH enjoys strong relationships with some of the most distinguished & reputed printers around the globe.

# MANUFACTURING FACILITIES

The TPH Orient group manufacturing campus spans 20 acres in area with lush green landscape

The campus houses various manufacturing units including a CNC workshop fitted with state of the art CNC's for mechanical engineering purposes. Additionally our numerous testing and quality control equipment and pool of engineers allows us to provide world class products globally.
